

NASTE Season 2010 – Race #3

December 11, 2010

Marshall Field, Beaverton, Oregon

Brightly lit Christmas decorations provided a festive greeting to racers as they arrived at Randy Stumman's Marshall Field. A great crowd of eighteen racers came out for the third race in the 2011 NASTE series.

In the first racing set of the evening, Randy treated us to some fast and furious Ninco coupes. Racers worked hard to bring the Ninco magnet-rockets under control. And once again the home-track advantage came into play as Racin' Randy turned in the top performance and finished nearly four laps in front of the field. Clawing and scratching for everything they could get was Monte in second, a scant 4/10 of a lap ahead of Flyin' Bryan.

In between sets, we did what NASTE does best – EAT! Myrna brought out a great stack of pizzas and other goodies and we ate until someone decided maybe we should do some more racing. A super-big thanks to Myrna for feeding us. It was really great.

For the second set we had more Ninco's but this time it was the McLarens from the previous race at Penguin Point. Set up simply from stock by removing the magnets and changing the tires, the cars were a little slower but a little easier to handle and perhaps drivers were a little more cautious after the first set but suddenly racing was close. Really close.

The Big Smooth put down some strong numbers in his first three heats but rotated out and wouldn't come in until the final heat. In the meantime the leader board got a workout as Bill took the first serious lead only to be replaced shortly after by Racin' Randy. Then Rico got it in gear and stormed into a lead of more than a lap. And that lead would hold up until the final heat when Monte slipped by for the win. This time there were seven cars within four laps of the leader.

Thanks to Randy and Myrna for hosting a great race and all the others that brought food. What would a NASTE race be without Dorothy's chocolates. Yum!

The next race is at Jeff's house in Portland. Will he make it 4-for-4 for track owners, or will someone break this vicious cycle? Only time will tell.

Race No. 3 - Marshall Field - Set A	Laps	Season Points
Randy Stumman	111.9	20
Monte Saager	108.0	19
Bryan Trachsel	107.6	18
